### Open Air Festival

N-JOY THE BEACH and STARS@ NDR2 with top acts in Warnemünde

Dates: Friday, July 25, and Saturday, July 26, in Rostock's seaside resort, Warnemünde.

Rostock and the entire region will be delighted by the absolute highlights of the festival. On the last weekend in July, both NDR 2 [German television station] and N-JOY [satellite radio station] will be presenting their events series in the seaside resort of Warnemünde.

The first live acts are now confirmed. At N-JOY The Beach on Friday, July 25, Milow, Mark Forster and Andreas Bourani will perform on stage. On Saturday, July 26, Bosse, Marlon Roudette, Larsito and Tonbandgeraet can be experienced live at stars@ndr2. Entrance to the open-air events is free. „First-class live acts are coming to Warnemünde for NDR2. Bosse and Marlon Roudette with their bands are unforgettable live experiences – and that right on the beach. The final top act will be announced shortly,” said Fred Schoenagel, music director at NDR 2. „The Warnemünde bay is perfectly suited for our series, ‚N-JOY THE BEACH.‘ The beach, the best live music and a huge party – the atmosphere in Warnemünde will be great,” says N-JOY morning announcer Andreas Kuhlage. „We are looking forward to extraordinary experiences. Two days of fantastic concerts in a unique environment. With the open-air concerts from N-JOY and NDR 2, the Warnemünde beach will become a festival site for the whole family,” said Roland Methling, Lord Mayor of the hanseatic city of Rostock.

### Port Parties in Warnemünde for Cruises

With about 180 dockings by 34 cruise ships this year, Rostock is the most important German Baltic Sea cruise harbour. We want to celebrate some special calls in port together with you so that cruise ship passengers and ships are given their due as they set sail. On four days, on the passenger quay in Warnemünde, we will hold „Rostock Port Parties“ for Rostock residents, tourists and cruisers. On each occasion, from 7 p.m. to 10 p.m. there will be live music, a tugboat ballet, as well as expert and entertaining presentation by Marko Vogt, of NDR 1 Radio MV, and Horst Marx. The parties will end at around 10 p.m. with a heavenly fireworks display. The Port Parties will be held on June 17 (Tues.), July 22 (Tues.) and August 15 (Fri.). It is also possible to book a spot on a ferry boat! Further information can be found at [www.rostock.de](http://www.rostock.de)

## Hanse Sail 2014

The focus of the 24th Hanse Sail will be the small ships that, together with the Haikutter regatta from Denmark to Rostock, will launch the maritime festival on August 6. However, it is especially beautiful when the small sailing ships are viewed in contrast to the large ocean-going ships. The largest ships of this year's gathering of traditional sailors are expected to be the four-masted barque „Kruzenshtern“ from Russia (114.5 metres), the fully rigged ship „Dar Młodzieży“ from Poland (108.8 metres), and the German Navy's sailing training ship, the „Gorch Fock“ (893 metres). A highlight for visitors and organisers

of the Hanse Sail will be the first-time arrival of the four-masted schooner „Santa Maria Manuela“ from Portugal, which was built in 1937. On land, the visitors will be offered a diverse programme of music, markets, children's entertainment, art, sailing and competitions. Highlights include the regatta of the traditional sailors in the sea by Warnemünde on Saturday as well as evening outings under a sky illuminated by fireworks.

Finland is the partnering country for the 24th Hanse Sail. Almost all of the ships sail on the Baltic Sea by day and in the evening. Information about the trips and the opportunity to book a sailing trip on one of the big ships can be found at [www.hansesail.com](http://www.hansesail.com)

## 77th Warnemünder Woche 2014

Every year, in the first full week of July, the WARNEMÜNDER WOCHE is broadcast from the Baltic Sea resort of Warnemünde.

For nine days, a party atmosphere prevails on land and at sea. The 2000 sailors from more than 20 countries are the heart of the event. A floating stage on the „Alter Strom,“ a large stage at the lighthouse at the end of the mile-long promenade as well as the colourful kites of the kitesurfers on the beach draw domestic as well as international spectators.

From July 5 until 13, 2014, the 77th WARNEMÜNDER WOCHE will offer washtub contests, dragon boat races, shanty singing at the lighthouse, a gathering of locals wearing Warnemünde folk costumes, beach handball days and the colourful Warnemünde Summer Festival on the plaza in front of the lighthouse, on the promenade and along the Alter Strom. Every year, the „Niege Umgang,“ – a traditional parade through the historic centre of the resort – kicks off the event.

## New at the Rostock Zoo

Kamchatka bears! The Kamchatka bears Wanja and Misho are the newcomers at the Rostock Zoo. They were born on January 24, 2011, in Hamburg and recently have been on display in the Rostock Zoo's Bärenburg [Bear Castle]. Until a permanent home is found for the twins, they will remain in Rostock. In Europe there are only nine installations that have Kamchatka bears. Now, in addition to Gelsenkirchen and Hamburg, the animals can be seen in the Rostock Zoo. The home of this subspecies of brown bear is in the far east of Russia, on the Kamchatka Peninsula and in northern Siberia. The Siberian bears become almost as large as their American counterparts, the Kodiak bears of Alaska. The male bears reach a height of

almost three metres and weigh nearly 600 kilos. The imposing beasts are omnivores, willing to eat a wide spectrum of meats and plants. In the zoo, the hibernators can live to be 40 years old. Funds are being raised for the bears. Wanja and Misho will live in Rostock until construction begins on the new polar bear and penguin facility.

The Bear Castle was officially opened in 1959 in the historical part of the zoo and no longer meets the requirements of an enclosure suitable for this type of animal. In order to be able to offer polar bears and penguins a new home with the POLARIUM as soon as possible, the Rostock Zoo is dependent upon the support of all friends of the zoo.

## The „Schuppen-Schuppen“ within Karl's Erlebnishof Offers an Aquarium Experience

Fiete is an eccentric, fish-crazy guy who owns the Schuppen-Schuppen [German for „Scales-Scales“]. Upstairs he runs a souvenir shop dedicated to all things fishy. Downstairs, Fiete has glassed-in and flooded many rooms. His beloved fishes now swim in the rooms that are still completely furnished. A huge viewing window provides a look into his sea with many domestic fishes, and in

Fiete's home theatre, an educational film shows wonderfully beautiful images from the Baltic Sea. Visit Fiete's Schuppen-Schuppen on the premises of the Karl's Erlebnishof in Rovershagen!
